SOFT SKILLS

- Teamwork
- Fast learner
- self motivated
- Versatility

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C, C++, SQL, PSQL
- **Machine Learning:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
- **Cloud Computing:** AWS (Elastic Beanstalk)
- **Web Development:** HTML, CSS, JavaScript
- **Data Visualization:** Power BI, Tableau
- **Version Control:** Git

CERTIFICATIONS

- Python - IBM
- Machine Learning - IBM
- Java - ORACLE

HOBBIES AND INTERESTS

- Cosmology Enthusiast
- Technology Enthusiast
- Spending time with Nature
- Watching Sci Fi movies,series

ABOUT

Passionate and self-driven Computer Science graduate with a keen interest in Machine Learning and Cloud Architecture. Eager to leverage my technical skills and practical experience in data analysis, cloud solutions, and machine learning to contribute to innovative projects. Proficient in various programming languages, ML libraries, and cloud platforms, with a commitment to continuous learning and staying updated with industry trends.

EDUCATION

Jawaharlal Nehru Technological University, Hyderabad

2021 - Present | GPA: 7.9

EXPERIENCE

MachineLearning

- Experienced in Data preprocessing,Exploratory data analysis (EDA),Handling different types of data,Training and evaluating variety of ml algorithms,
- Experienced in Data visualization,visualization libraries like matplotlib,seaborn
- Slight experience with tools like powerbi,Tableau
- Hands on experience on python for ML ,python libraries like numpy,pandas,seaborn,scikit learn,optuna
- job simulation for Data Analyst role at Forage

OTHERS

- job simulation for Solutions Architecture role at Forage
- Experienced with HTML,CSS,Javascript
- Experienced with C,C++,Java,Python
